Mr. Kimball – Alexis Strauss has asked that I respond to your inquiry this week about the status of the West Van Buren matter. We have received your letter of July 19, 2018, responding to Regional Administrator Michael Stoker's June 18, 2018 letter to you and Donovan Neese of the Roosevelt Irrigation District. You raised a number of issues to which EPA would like to respond so that you will have our perspective. EPA intends to reply to your letter by the end of next week.

If you have further questions after you receive our reply, please do not hesitate to contact me or Dustin Minor, the attorney now assigned to this matter.
